## Kid Ventures is Taking Your Family's Enrichment Experience to the Next Level...

Kid Ventures has always been dedicated to providing a safe and stimulating environment, where your child can learn through play and discovery in our award winning facilities. This vision goes even further as we introduce more enrichment and learning opportunities to enhance your family's Kid Ventures experience. Our new Monthly Enrichment Calendar will provide a robust menu of opportunities for your child to engage in inquiry based learning experiences that will foster critical thinking, perseverance, and creativity.

### NEW: Kid Ventures Enrichment Centers Incorporate STEAM Learning & Our New Classes

STEAM is an educational approach to learning that uses Science, Technology, Engineering, the Arts and Mathematics as access points for guiding student inquiry, dialogue, and critical thinking. The end results are students who take thoughtful risks, engage in experiential learning, persist in problem-solving, embrace collaboration, and work through the creative process.

**STEAM Classes are included in our EXPLORE & DISCOVER Memberships. For more information on class themes and registration details, please check at our reception desk.**

**STA Gym Classes:** in addition to STEAM Classes, we will be offering STA Gym Classes that provide movement exploration in our little gym. Your child will have the opportunity to go through a gymnastics obstacle course and learn basic movements, gymnastics skills, build motor skills and have fun in this new and exciting gym class.

**Drama Kids-Ready, Set, Action!** In Drama Kids, students work on articulation, characterizations, and creative imagination! Young actors and actresses discover fun with improvisation, and speaking skills through a variety of theater games. Developmental Drama programs are aligned with the concepts of S.T.E.A.M. education."

**Our goal is to provide high quality early childhood experiences in a safe, supporting, stimulating environment. Through our developmentally appropriate practices and curriculum, we help children develop into lifelong learners.**
