Classes

Mommy and Me Montessori:

Designed for children ages 18 to 36 months with a Parent/Caregiver, each Mommy & Me session meets for a 45 minutes informal Montessori class. During such time, your child will be free to explore age-appropriate Montessori materials, making his or her own choices from classroom shelves and working at his or her own pace in a carefully prepared and peaceful environment under Montessori teacher and Parent/Caregiver guidance. These materials encourage development of toddler independence, concentration, confidence, fine motor skills, respect for others and a love of learning.

Montessori Mommy & Me Classes

Class Times / Ages

Mommy & Me / 1 - 3 yrs / 10:00 - 10:45am

Mommy & Me/ Alone / 3yrs < 11:15am - 12:00pm

Mommy & Me/ All ages 3:30pm - 4:15pm

Montessori Math: Teaches numbers, addition and subtraction, shapes, patterns, measurements; and more! Our games and creative activities make math fun while giving young learners the practice they need to build a strong foundation for success.

Montessori Language Arts: Spans the entire range of early reading, from learning the names and sounds of each letter to being able to read books, starting with a few words and gradually advancing to paragraphs.

Montessori Geo: Geography is important both as a necessary conceptual framework and spatial orientation and as a bridge to the development of the child's understanding and appreciation of the story of humankind and nature. As in other areas of the Montessori curriculum, the children first experience the big picture, then move gradually to the details (ex. names of countries, landscapes, and cultures). With these goals in mind, we have selected the basic lessons and put them together in our mommy and me class, it will be a great experience for you and your little one.

Montessori Cooking: Food preparation and cooking are some of the most fun practical life activities in a Montessori environment! This class consists in creating individualized food preparation which children can choose on their own, rather than group cooking.

Art Class: Learn about artists and make your own masterpiece inspired by them using different techniques and tools. This class encourages kids to be creative and develop social skills while interacting with others. It also develops self-esteem as they learn to express themselves through art.

Classes are included in our EXPLORE & DISCOVER Memberships. For more information on class themes and registration details, please check at our reception desk.
